

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office  
FLOOR DEBATE

February 20, 2004 LB 906

SENATOR JENSEN: That is correct.

SENATOR CHAMBERS: Senator Jensen, what I was envisioning, because I had suggested that Senator Stuhr take a regulatory approach instead of criminalizing specific actions, something that would talk about licensing, regulation,...

SENATOR CUDABACK: One minute.

SENATOR CHAMBERS: ...maybe incorporate those provisions into the existing statutes, but not where we set out as a Legislature all these specific items, some of which may not be wise, but the only way there can be any modification is when we come back and amend the statute. So, if we gave some guidelines, that would be one thing, but the more of this that I read, not just of your amendment but your amendment is drawing my attention to other parts of the bill, I'm wondering if we may not be better served if we took a different approach where less would be put into the statute and we could create a legislative record of how far we want the department to go and lines we don't want them to cross, and if they do, then there will be repercussions. That approach probably would be simpler, do you think?

SENATOR JENSEN: I would agree. We don't need to clutter our statutes with all kinds of verbiage, particularly when we have Regulation and Licensure that can do that.

SENATOR CUDABACK: Time.

SENATOR CHAMBERS: Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Senator Chambers. There are no further lights on. Senator Jensen, you're recognized to close on FA1473.

SENATOR JENSEN: Thank you, Mr. President. I appreciate the discussion. This section does remove that 6,000 hours. It does talk about the training and the experience item. I would just ask for adoption of this section. Thank you, Mr. President.
